Newsletter 2 Los Eucaliptos **June 2017.**

The Summer is over us and a lot of owners and renters will be visiting Los Eucaliptos and we hope all will have a nice stay and Holiday.

A new website for Los Eucaliptos is on the way and we will inform you as soon as it is available. The name of the website is: yambelcomunidades.com and you will receive a code to enter it soon.

We would like you and your renters to pay attention following matters:

1. Please at the poolside keep the area need and tied. Do not leave **children's plastic things** at the poolside – bring it up to your apartment – every time you are visiting the poolside.
2. Help putting **sunchairs and chairs** in order – we all like to go to the poolside and find it nice and clean.
3. **Please do not leave children alone at the poolside** – remember it is your own responsibility if something happens.

- **The Aguas Benahavis** have sent a letter to everybody, for more information call them 902 250 270.

- In the garage of phase 1 there have been a repair of one of the railings which by now should be fixed.
- **Big Rubbish** When your washing machine or refrigerator fails and you have to get reed of it. Please ask the company who deliver the new one for you to take the old one – they normally gladly do that. In case they will not take it – you have to call this number 952855360 at the Benahavis Council and make an appointment with them when to pick it up. We are not allowed to put things at the "Rubbish place" and just leave it.

- **Three cutting –** we are trying hard to talk to the people responsible for taking care of cutting the trees belongings to the Golf Area. We hope to be able to come back with news later on this year.
- **The Fence –** near block 15 will be enlarged in the high to ensure the security at this side even more.

Thank you for helping keeping our Los Eucaliptos in nice shape.

Best summer regards

The President Vice president

Vera Wetlesen and David Stuart
